QAMS User Stories

User Story 1: As an employee/student, I want to log into the attendance system securely so that I can access my attendance features.
User Story 2: As an administrator, I want different user roles so that users only access features relevant to them.
User Story 3: As a manager, I want to generate a unique QR code for each session so that attendees can quickly mark their attendance.
User Story 4: As an administrator, I want QR codes to be generated automatically for scheduled sessions so that manual setup is minimised.
User Story 5: As an attendee, I want to scan a QR code using my mobile device so that my attendance is recorded instantly.
